

PRIVATIZATION CONSENSUS QUESTIONS

Consensus questions one and two should be presented to the group at the outset of the meeting and then repeated after the other questions have been answered.

1. As a general matter, the extent to which government functions, services and assets have been privatized in the past decade is:

Much too much Too much About right Too little Much too little No consensus

2. Core government services and functions important to well-being of the people should remain with government and not be transferred to the private sector.

Strongly agree Agree Disagree Strongly disagree No consensus

3. As a matter of good government policy, which of the following criteria should be applied when making decisions to transfer government services, assets and functions to the private sector?

a. Transparency and Accountability: All government contracts with private companies for services must ensure public access to relevant records and information regarding contracted services, functions and assets and provide for adequate government oversight and control.

High priority Lower priority Not a priority No consensus

b. Public Well-being: Provisions are in place to assure that, in the event any public services are to be privatized, there will be no increased risks to public well-being, especially to vulnerable populations.

High priority Lower priority Not a priority No consensus

c. Cost and Quality: Privatized services should not appreciably increase the costs or decrease the quality of services to the public.

High priority Lower priority Not a priority No consensus

d. Environmental and Natural Resources: Defined parameters should be in place to assure that environmental and natural resources are not compromised.

High priority Lower priority Not a priority No consensus
