## **Commitment to Diversity, Equity, and Inclusion**

LWV is an organization fully committed to diversity, equity, and inclusion in principle and in practice. Diversity, equity, and inclusion are central to the organization's current and future success in engaging all individuals, households, communities, and policy makers in creating a more perfect democracy.

There shall be no barriers to full participation in this organization on the basis of gender, gender identity, ethnicity, race, native or indigenous origin, age, generation, sexual orientation, culture, religion, belief system, marital status, parental status, socioeconomic status, language, accent, ability status, mental health, educational level or background, geography, nationality, work style, work experience, job role function, thinking style, personality type, physical appearance, political perspective or affiliation and/or any other characteristic that can be identified as recognizing or illustrating diversity.

## PRINCIPLES OF THE LWVUS

*The principles consist of concepts of government supported by the League as a whole and constitute the authorization for adoption of national, state and local Programs.*

The League of Women Voters believes in representative government and in the individual liberties established in the Constitution of the United States. The League of Women Voters of the United States believes that all powers of the U.S. government should be exercised within the constitutional framework of a balance among the three branches of government: legislative, executive, and judicial.

The League of Women Voters believes that democratic government depends upon informed and active participation in government and requires that governmental bodies protect the citizen's right to know by giving adequate notice of proposed actions, holding open meetings and making public records accessible.

The League of Women Voters believes that every citizen should be protected in the right to vote; that every person should have access to free public education that provides equal opportunity for all; and that no person or group should suffer legal, economic or administrative discrimination.

The League of Women Voters believes that efficient and economical government requires competent personnel, the clear assignment of responsibility, adequate financing, and coordination among the different agencies and levels of government.

The League of Women Voters believes that responsible government should be responsive to the will of the people; that government should maintain an equitable and flexible system of taxation, promote the conservation and development of natural resources in the public interest, share in the solution of economic and social problems that affect the general welfare, promote a sound economy and adopt domestic policies that facilitate the solution of international problems.

The League of Women Voters believes that cooperation with other nations is essential in the search for solutions to world problems and that development of international organization and international law is imperative in the promotion of world peace.

## LWV NEWTON NONPARTISAN POLICY

**Purpose.** The purpose of this policy is to enable the League as an organization to carry on with service to voters, information to citizens, and lobbying and campaigning on issues. Only to the extent that the public and its elected officials are convinced of the League's genuine nonpartisanship, will the League be able to render effective voters service activities and gain a wide base of support for its positions on governmental issues. The policy distinguishes between the League as an organization and the rights of its individual members.

**General.** The League of Women Voters of Newton is a nonpartisan organization that does not support or oppose any political party or candidate. The League's effectiveness lies in its ability to take strong positions on issues in the public interest without regard for partisan affiliation. The League also encourages participation in local government by informing the citizens of Newton about their rights and responsibilities as voters.

**The Policy as it applies to Members.** The League prides itself on having a membership composed of diverse, informed women and men. Its individual members are encouraged to participate fully in party politics and in government at all levels. Many League members have strong affiliations with political parties or candidates, or are elected officials themselves.

### **The Policy as it applies to Board Members:**

1. **Appointive Office:** A board member may accept an appointment to local commissions, boards, or committees if such service would not be in conflict with League program.
2. **Political Party Office:** The president and board member(s) holding voters service portfolios shall not serve in any position in a political party at any level. Other board members may serve on a local political party committee, with notification given to the League board.
3. **Support of Candidates for Public Office:**
  - a. The President, Voters Service Chair, and Voters Guide editors shall not publicly support any candidate for political office at any level. Activities permitted under this policy include: attending informational campaign functions and signing nominating petitions. Activities prohibited include, but are not limited to: circulating nominating petitions; hosting fundraising or campaign functions; making campaign contributions; displaying lawn signs; or adding one's name to an endorsement.

- b. Board members should use discretion to ensure that their personal political activities are not identified with the League in the public mind.
- c. Candidates for elective office and their campaign managers cannot serve on the Board of Directors. Candidates for Neighborhood Area Councils are exempt from this policy.
4. Other Board Positions Outside League: Board members may not hold leadership positions (either active or honorary) in any group whose stated position is in opposition to the League program.
5. If any questions arise regarding the nonpartisan policy, the matter will come before the Board for interpretation and discussion. If a Board member resigns from the Board because of a conflict with this policy, that member shall not return to the Board until after the next Annual Meeting. Final decisions about implementing this nonpartisan policy rest with the Board of Directors.

*Approved by LWVN Board of Directors, September 9, 2020. Subject to revision by each incoming board of directors.*

## DIVERSITY, EQUITY, AND INCLUSION POLICY

Diversity, equity, and inclusion are central to the organization's current and future success in engaging all individuals, households, communities, and policy makers in creating a more perfect democracy.

There shall be no barriers to full participation in this organization on the basis of gender, gender identity, ethnicity, race, native or indigenous origin, age, generation, sexual orientation, culture, religion, belief system, marital status, parental status, socioeconomic status, language, accent, ability status, mental health, educational level or background, geography, nationality, work style, work experience, job role function, thinking style, personality type, physical appearance, political perspective or affiliation and/or any other characteristic that can be identified as recognizing or illustrating diversity.

## THE JANE LEIGHTON AWARD

Whereas Jane Leighton has for many years given generously of herself as a volunteer to the League of Women Voters, and

Whereas, she has contributed her wisdom and strength to further the goals of the League, and

Whereas, she has always willingly served in whatever capacity she has been called upon to fulfill, and

Whereas, she has consistently brought humor and goodwill to all who worked with her,

Now therefore we, the League of Women Voters of Newton, create in her honor “The Jane Leighton Volunteer-of-the-Year-Award” to be given each year to that member who exemplifies some of those qualities that we treasure in Jane.

## VOTERS SERVICE/CITIZEN EDUCATION

Voters Service directly serves the major aim of the League of Women Voters to promote political responsibility through informed and active participation in government. To educate League members and the general public about government and politics and to encourage their participation in elections, Voters Service provides information about voter registration, elections, candidates for public office, and election issues. This nonpartisan information helps voters reach informed decisions.

Because nonpartisan Voters Service is so important, it is independent from other program aspects of the League and is the responsibility of the entire League Board. Voters Service is aimed at all voting age citizens in the community from high school students to nursing home residents.

## Absentee Ballots

Absentee voting is available for all elections, for those voters who qualify. To qualify for an absentee ballot, you must:

1. Be away from your city/town on Election Day; or
2. Have a disability that keeps you from voting at your polling place; or
3. Have a religious belief that prevents you from voting at your polling place on Election Day

City's webpage on Absentee Voting:

<https://www.newtonma.gov/government/elections/absentee-voting>

### Request an Absentee Ballot

Absentee ballot applications are available at City Hall. You may download an application at and mail or deliver it to the City Clerk's office. The application can be found here:

<https://www.sec.state.ma.us/ele/elepdf/absentee/English-Absentee-Ballot-Application.pdf>

You may also request an absentee ballot by mail. Send your request to the City Clerk, and include in your request your Newton address, the address of where you would like the ballot sent, and the election(s) for which you require absentee ballots and your signature. Mail your request to:

Newton Election Commission  
1000 Commonwealth Avenue  
Newton, MA 02459

Requests for absentee ballots may be made up until noon of the day before the election. As a practical matter, however, if you want the ballot sent outside of Newton, you may want to request the ballot further in advance to allow time for delivery. It is possible to have a standing order so that absentee ballots for all the elections in a particular year are sent to you.

Absentee ballots cannot be requested by email or fax.

### Cast an Absentee Ballot

Absentee ballots can be voted over-the-counter at City Hall during regular office hours through noon on the day before the election. You may also cast your ballot by mail using the envelope provided with the ballot.

## **Vote by Mail**

Voting by mail was available to all voters for all elections in 2020. Voters did not need an excuse to vote by mail in 2020. Currently, no-excuse voting by mail has been extended by the state law until March 31, 2021. No-excuse voting by mail is a type of early voting, and it is available for all elections held on or before March 31, 2021.

## **Early Voting**

Thanks to legislation passed in 2014, early voting is now the law in Massachusetts for State General Elections. Voters may cast their ballots for two weeks before a State General Election. The Election Commission will publish the hours and location(s) prior to the start of early voting.

Once an early voter has marked their ballot, the voter's ballot will be held at the City Clerk's Office until Election Day, when it will be distributed to the appropriate polling location for counting.

## SPEAKING WITH ONE VOICE

“Speaking with one voice” is one of the most important tenets of the League. The national League is responsible for determining strategies and action policies that ensure that the League’s message on national issues is consistent throughout the country. Similarly, state Leagues are responsible for a consistent state message, and local Leagues must cooperate with one another to ensure that regional issues are addressed in a manner consistent with neighboring Leagues. Typically, the president of the national, state, or local League is the only person who speaks for the League in an official capacity, unless another person has been designated as the official spokesperson on a specific issue. This may be a League expert, a senior staff person, or a former board member. The key is that this designation is explicitly made by the appropriate Board. This helps to ensure that the League speaks with one voice, which is essential for our effectiveness as an advocacy and lobbying organization.
